

FAMILY HISTORY COMMITTEE

Genealogy Research Services

The Germantown Historical Society is proud of our German Heritage. Germantown (formerly known as Hanover) is the oldest community in Clinton County and we want to preserve family histories. Many visit Germantown researching their ancestors and search for their tombstones at historic St. Boniface cemetery.

Our Family History Committee is dedicated to preserving family history. Therefore, we offer a Genealogy Research Service for a nominal fee. Charges include:

- Time, \$5.00/hour
- Gas expense (only if the researcher has to travel to other places to find the information you seek)
- copies and postage expenses (if you prefer, we will email your results)

For this, we will provide

- A findings letter (this contains your initial request and the information your genealogist found for you)
- Any photos requested
- An itemized invoice

One of our experienced genealogists will be in contact with you during the process so you can monitor the progress and charges (such as saying "Don't go over \$30.00").

If you choose to take advantage of this service, simply submit your request or comment to us in the **Contact Us** section on this website
